IMPORTANT NOTE: SPECIALTY MEDICATIONS

Specialty medications are expensive drugs used to treat certain serious medical conditions. If you are prescribed a specialty drug, you may have the opportunity to reduce your out-of-pocket costs by enrolling in the FlexAccess program.

This is a new program to help you identify manufacturer copay assistance coupon programs to make your medicine(s) more accessible and affordable. If you are taking an eligible medication, you will be receiving a letter from Horizon Pharmacy regarding this program to assist you in enrolling.
